

ADC Exported Functions

Configuration of ADC
hierarchical scope:
common to several ADC
instances

```
graph RL; A[Configuration of ADC hierarchical scope: common to several ADC instances] --> B[ADC Exported Functions];
```

The diagram consists of two rectangular boxes. The box on the right is gray and contains the text 'Configuration of ADC hierarchical scope: common to several ADC instances'. The box on the left is white with a black border and contains the text 'ADC Exported Functions'. A black arrow points from the right box to the left box, indicating that the configuration is shared across multiple ADC instances and influences the exported functions.
