

ADC Exported Functions

```
graph RL; A["Configuration of ADC  
hierarchical scope:  
ADC instance"] --> B["ADC Exported Functions"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is shaded gray and contains the text 'Configuration of ADC hierarchical scope: ADC instance'. The box on the left is white with a black border and contains the text 'ADC Exported Functions'.
