

ADC Exported Functions

Operation on ADC hierarchical
scope: group regular

```
graph RL; A[Operation on ADC hierarchical scope: group regular] --> B[ADC Exported Functions]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is gray and contains the text 'Operation on ADC hierarchical scope: group regular'. The box on the left is white with a black border and contains the text 'ADC Exported Functions'.
