

I2C Exported Types

```
graph LR; A[I2C handle Structure definition] --> B[I2C Exported Types]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'I2C Exported Types'. The box on the right is gray with a black border and contains the text 'I2C handle Structure definition'. A black arrow points from the right box to the left box, indicating a dependency or relationship where the handle structure definition is used to define the exported types.
