

PCD Exported Functions

```
graph LR; A[Input and Output operation functions] --> B[PCD Exported Functions]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'PCD Exported Functions'. The box on the right is gray with a black border and contains the text 'Input and Output operation functions' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or flow from the input/output functions to the exported functions.
