

RCC Exported Constants

Peripheral ADC get
clock source

```
graph RL; A[Peripheral ADC get clock source] --> B[RCC Exported Constants];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is white with a black border and contains the text 'RCC Exported Constants'. The box on the right is gray with a black border and contains the text 'Peripheral ADC get clock source'. A black arrow points from the right box to the left box, indicating a dependency or flow from the peripheral ADC to the RCC constants.
