

TIM Exported Constants

Input Configuration
Polarity

```
graph RL; A[Input Configuration Polarity] --> B[TIM Exported Constants];
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'TIM Exported Constants'. The box on the right is gray with a black border and contains the text 'Input Configuration Polarity' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating a dependency or flow from the input configuration to the exported constants.
